Community Garden Open Day

With over 70 members of the community attending and representing different ages and backgrounds, this day had been a great success. We now have a number of suggestions for the garden and what might be included. Stephen to type these up in to themed areas.

The Grant Application Process

There is some confusion as to how the process works – the information given by Groundwork is contradictory. Some suggestions for wording the paragraph about the project aims were noted and Stephen is to create the wording and circulate this to Christian so that we can start the application process.

Christian is to contact John Hughes at St John's Old Trafford to find out about costs etc for our estimate.

Christian is to contact Groundwork to sort out what help they will give us and at which stage.
