Grant Application

The Old Trafford project cost around £18,000 but there is no breakdown of cost available since the total was paid for by Groundworks from a grant from elsewhere.

We need to speak to someone who can give us some basic costs before we actually apply for the first round. There is difficulty in sorting out what comes first: the designer to help work out the costs, or the funding to actually employ the designer.

- Stephen and Christian to complete the form for Round 1 as much as possible.
- Christian to find out from Groundwork what we need to do (in conjunction with Liz from Groundwork).

Gardening Days

The dates for 2009 were agreed on as Saturdays 11th April, 13th June, 8th August, 10th October from 10am – 3pm. Drop in any time, Refreshments provided.
