

Community Garden Project

St Agnes Longsight

Feedback from Consultation Day Saturday 30th August 2008

Environment	Features	General	Plant/Flower
<ul style="list-style-type: none"> • things for wildlife in wildlife area • feeders, nest boxes, hedgehog house • little animal house • statues of animals, decorations, pretty things • some animals • demarcation of boundary to wildlife area (e.g. picket fence) • bins for compost and leaf mould • small pond • water stones • water fall • little water falls • small wildlife area 	<ul style="list-style-type: none"> • chairs to sit on • tiles • picnic bench • benches • art work for peace • recreation benches • mosaic • play ground • swing, slide, roundabout • climbing frame • small children's play area • school garden 	<ul style="list-style-type: none"> • a means to prevent young children from leaving the garden during events • ornate fences • bins • places to park prams and wheelchairs • more brighter place instead of a dark dull church 	<ul style="list-style-type: none"> • memorial rose garden • treat lawn with feed and weed • trees cut • leaves cleared • fresh long green grass • green patches • beautiful flowers • herb garden • flowers • lots of lavender • hydrangeas • evergreens • chrysanthemum • roses • lavender • roses • peace roses • fragrant roses • sunflowers • busy lizzies • foxgloves • forsythia

Project Outline

This project is a collaboration between the church and local community to open up the church's outdoor areas as safe, green and accessible space for the whole community. The community garden is the only green space in the locality and this project seeks:

- to provide space for relaxation (seats, tables, simple play structures etc)
- to provide an interesting creative green environment encouraging all ages to discover and learn (an area which is safe, accessible for wheelchairs and prams etc)
- to develop the existing wildlife area with further woodland wild flowers encouraging wildlife (possibly including composting facilities)
